THE first issue of Paul's Address Book was published in 1882. From a book of less than 200 pages it has grown in this, the latest publication, to over 600 pages, showing the vast growth of our city. It has been carefully compiled and every endeavor made to have the book as complete as could be. We will not say there are no mistakes in its pages; it is human to err.

A publication of its character and importance, it is a necessity in all business houses, where it will be consulted many times daily.

It is an Address Book for Social and Business purposes, contains the names of householders, adult members of each family, personnel of the press, officers and members of clubs and societies, list of apartment houses.

The diagrams of Theatres are omitted, the managers claiming that much confusion and many annoyances had arisen in the past by their patrons having the use of diagrams in their homes, frequently demanding seats which had been sold in advance.

Business Houses, Societies, Public Institutions, or the Social World, desiring to send out announcements, invitations, appeals for charity, wishing to reach a certain street or neighborhood, will find the street arrangement of Paul's Address Book indispensable, saving valuable time and labor. Advertisers find the Address Book a unique field in which to place advertisements, reaching a line of profitable patrons.

Copies can be purchased of the Publishers, PETER PAUL & SON, 136 North Pearl Street; OTTO ULRICH CO., 186 Main Street; R. F. SHERMAN, 586 Main Street.

Alphabetical List

The following list is compiled from the foregoing street list. Where there is more than one person of the same name living in one house the name of the head of the family, or the name occurring first in the street list is taken, so that each family name at each house is represented in this list. Names not found in this list will be found in the street list under the addresses given here.

Since the census of the streets was made some householders have moved. Where it has come to our notice we have entered the new address in the Alphabetical List, where, if found, it is the correct one.
